## **For Everyone:**

We encourage you to use the UVA Home Directory Service for file storage. This is secure file storage space and is the best place to save your important data. <http://www.itc.virginia.edu/homedir/> Go to the ITC website for resources about computing at UVA, such as free software downloads, spyware, and off-grounds access to library and services: <http://www.itc.virginia.edu/>

## GENERAL INFORMATION

### 1. REGISTRATION

**Pre-doctoral fellows** will be enrolled for 12 hours of non-topical research each semester in order to have access to UVA's facilities and students services.

### 2. ACCESS TO MINOR HALL

Each fellow will get a set of keys to the front door of Minor Hall (#1), Fellows Annex (#27), and the Institute (#25). These keys are to be returned upon completion of the program.

The keys to the Annex and Institute (27 & 25) also open the kitchen (room 128).

### 3. KITCHEN

Please note the refrigerator is primarily used for our receptions, however, you may use it provided you keep it clean and do not store cooked foods for more than a week. Also note that on the days before and after calendar events, you will need you to remove your food/drinks items from fridge.

### 4. MAILBOXES

Mailboxes and the copier and fax machines are located in the Institute (room 103).

**In regard to copying:** You are responsible for your own copying, faxing, and printing. Due to limited staff, we are unable to provide this service for you.

Please use copy paper sparingly and recycle whenever possible. The recycle receptacle is located outside the Woodson Institute (next to Asian Studies). Large print jobs should be printed through print services (Copy Center at Newcomb Hall) and can be charged to the institute with prior approval.

**Computers:** Fellows are assigned computers for use related to your fellowship. *Please note that these computers must be returned--free of your personal files and any software you uploaded--upon completion of the program. **There are very strict policies and guidelines governing the use of University Property. During your fellowship tenure laptop computers may be taken from the premises. However, when you return your keys to the building, computers must be returned at that time. Please note that they cannot be mailed back to the Institute.***

*Log in to your computer using your computing id and password wood-XP2. Your Password is case sensitive. We would advise that you change your password by going to User Accounts under control panel on your PC, or systems preferences on your MAC computers.*

5. The IT Specialist for Minor Hall is Sarah Kent (sgk4n) at 924-6887.

6. For technical help, please contact ITC computer help desk phone number is 924-3731 (if off grounds dial 924-3731).

7. There is a phone in the Annex (924-8890). The phone should be used for local, work-related calls only. We regret that we are unable to pay for long distance or International calls.
8. **Travel:** Fellows are allowed up to \$600 annually for travel costs pertaining to their research. The Woodson Institute will issue a reimbursement for the cost.

***In order for an individual to take advantage of the \$600 allotment, they must obtain prior approval in writing from the Institute Director. To receive reimbursement, the traveler must provide Shelley M. Thomas (Woodson Financial Administrator) with all original documentation including receipts, boarding passes, and ticket stubs. Below is an excerpt from the policy guidelines. Please read carefully.***

### **Responsibility of the Traveler**

- A traveler on University business has the responsibility to act prudently and to only incur travel expenses, which are necessary, reasonable, appropriate, and in compliance with University policy. All travel should be authorized by someone who has knowledge of the traveler's plans and the authority to question it prior to any cost being incurred. Unless documented by policy, no self-authorization or self-approval of travel should occur. The traveler is responsible for prompt submission of travel-related expenses, accounting for any advances received, and for maintaining any University issued corporate Travel Card accounts in good standing.
  - Travelers have **30 days** from the completion of travel to submit all appropriate reimbursement forms to Procurement Services for review. These include required approvals and original supporting documentation (i.e., ticket stubs, boarding passes, receipts, etc.).
  - An explanation as to why paperwork was not submitted in a timely manner will be required if reimbursement requests are received after 30 days.
  - Written approval from the appropriate Dean or Vice President is required in cases where the reimbursement request submission exceeds 60 days. If a traveler submits three or more reimbursements more than 30 days old, the Dean or Vice President will be notified and the reimbursement may be denied.
9. The Institute will pay for regular postage (first class), and Fed-Ex in rare cases.
  10. Although there is housekeeping available for our offices, please use trash cans in the lobby for food and drink. Please do not leave food in the offices. *We would like to deter pests from inhabiting our workspace.*
  11. Please report any facilities management issues (pest problems, mold, leaking, broken equipment, etc.) to **Debbie Best**, at [dab8s@virginia.edu](mailto:dab8s@virginia.edu) or 924-3109.

## HEALTH INSURANCE

All fellows are required by the University to have health insurance, which the University provides you through the Woodson Institute fellowship program.

### Pre-Doctoral Fellows

Pre-doctoral fellows should forward their immunizations records to Elson Student Health by August 31 in order to enroll in the University's Health Insurance Program. Once this is completed, you will need to enroll into UVA's health insurance program by October 3.

## STUDENT HEALTH SERVICES

Please be advised that Student Health Services are not available to all fellows during the summer months. Following are terms of eligibility.

- Pre-Doctoral Students who are **returning** in the Fall and are **enrolled** for the Fall semester will have access to Student Health Services during the summer for a fee of \$41.00.
- Pre-Doctoral Students who are leaving the program will have access to Student Health Services **only** for the treatment of ongoing conditions. Please be advised that such access will require a physician's approval for a fee of \$41.00.
- All other fellows who are **leaving** the program must use the Emergency Room at University hospital and are insured through Aetna until the 14<sup>th</sup> of August. In other words, if you are leaving, and are not being treated for an ongoing condition you **cannot** use Student Health Services.

Please visit <http://www.virginia.edu/studenthealth/> for instructions, and contact **Meena Sirivastava**, Insurance Liaison and Referral Coordinator at [mks2q@virginia.edu](mailto:mks2q@virginia.edu) or 434-243-2702 with questions.

***Graduating students' access to Student Health Services will end on the Friday following graduation. The Aetna Student Health plan (your health insurance) expires August 14 for all students. Returning students will have to re-enroll for Insurance coverage at the beginning of the Fall semester. Returning students will also have access to Student Health through the summer; however, there will be a fee of \$41.00 assessed per visit.***

Should you need short term health insurance while you are in the transition process, please visit **Aetna Student Health** and click on the link for "Students", then "graduating soon", then "short term insurance" and enter the dates that you will require coverage to receive quotes.

## **IMPORTANT STIPEND AND TAX INFORMATION FOR PRE-DOCTORAL FELLOWS**

**Payroll Advances on Stipends:** The University **does not process payroll advances**. UVA receives many requests for payroll advances and realizes that many junior hires begin their employment with us without significant cash reserves and with all of the additional costs usually associated with relocating. The university normally refers incoming faculty to the university community credit union. The credit union will make a personal loan to members for up to \$10,000, with no collateral required and up to 48 months to repay. In the past they have been willing to extend this opportunity to any incoming faculty member on the strength of a signed offer letter, meaning that the faculty member can obtain the loan over the summer in order to have funds on hand to pay for the move and set up a household in Charlottesville before the first paycheck is deposited October 1.

### **MEMORANDUM: Tax Implications for Fellowship Stipends**

TO: Students Receiving Scholarships and Fellowships

FROM: Graduate Programs

SUBJECT: Taxability of Scholarships and Fellowships

The following guidance is provided to aid students in being informed of federal tax regulations as they relate to the receipt of fellowship funds. In general terms, stipends are considered taxable income whenever the amount exceeds the costs of tuition, fees, books, supplies, & equipment. For recipients of both a stipend and coverage of their tuition and fees, the full amount of the stipend would generally be taxable less the cost of books, supplies, & equipment.

The Graduate School does not report any stipend information to the IRS or issue tax forms to students as the taxable amount is subject to individual student expenses.

While this general guidance should be shared with fellowship recipients, ultimately students are encouraged to seek professional tax assistance to establish their annual tax obligations.

For student reference the below information is provided:

The Internal Revenue Service addresses the tax implications of receipt of fellowship funds in Publication 970, Tax Benefits for Education:

<http://www.irs.gov/publications/p970/>

The below guidance is an excerpt from:

<http://www.irs.gov/taxtopics/tc421.html>

#### **Taxable Scholarships and Fellowships**

If you received a scholarship or fellowship, all or part of it may be taxable, even if you did not receive a Form W-2. Generally, the entire amount is taxable if you are not a candidate for a degree.

If you are a candidate for a degree, you generally can exclude from income that part of the grant used for:

- **Tuition and fees** required for enrollment or attendance, or
- **Fees, books, supplies, and equipment** required for your courses.

You cannot exclude from income any part of the grant used for other purposes, such as room and board.

A **scholarship** generally is an amount paid for the benefit of a student at an educational institution to aid in the pursuit of studies. The student may be in either a graduate or an undergraduate program.

A **fellowship** grant generally is an amount paid for the benefit of an individual to aid in the pursuit of study or research.

**Example 1**

Tammy Graves receives a \$6,000 fellowship grant that is not designated for any specific use. Tammy is a degree candidate. She spends \$5,500 for tuition and \$500 for her personal expenses. Tammy is required to include \$500 in income.

**Example 2**

Ursula Harris, a degree candidate, receives a \$2,000 scholarship, with \$1,000 specifically designated for tuition and \$1,000 specifically designated for living expenses. Her tuition is \$1,600. She may exclude \$1,000 from income, but the other \$1,000 designated for living expenses is taxable and must be included in income.
